William Smart, who has been visiting in New Haven, Conn., and other cities in that vicinity, returned to his home on South Main street last night.

James A. Webster of 68 Circle street is just recovering from a broken ankle which he received while playing baseball at Williamstown five weeks ago.

Miss Vera Bjork of East Paterson street, who has been spending the past few days visiting friends in Burlington, returned to her home in this city yesterday.

Fred S. Cheney of North Main street, formerly at the A. V. Beckley paint and varnish shop, left last night for Boston, where he will spend a few days on business for Miss Beckley.

Mr. Edward Conway opens a beginners' class in modern ball-room dancing Monday, the 20th, in the Woodmen hall. Subscription 50c. Recommendations from the Maurice and Castle schools. 'Phone 107-2.—Adv.

At a recent meeting of the freshmen class of Spaulding high school, officers to serve for the following year were elected as follows: Ruth Averill, president; Charles Carroll, vice president; Alfonso Vanetti, secretary; Howard Walker, treasurer.

Mrs. Harry Drew of Concord, N. H., who will be remembered in this city as Miss Mae Bell, arrived yesterday and will make a few weeks' visit with friends and relatives in this city and surrounding towns. While in the city she is the guest of Mrs. Lucy Scott of 19 Richardson street.

Mr. and Mrs. Andrew McKenzie of Springfield, Mass., who have been visiting Mr. and Mrs. Thomas P. Marr of Washington street for the past few days, motoring here from New York City, left yesterday for Burlington for a short visit, before taking a trip through the White mountains and then home.

An antidote for the extreme humidity of last evening was provided in the form of an open-air concert by the Barre Citizens' band, the regular weekly appearance of the musicians furnishing an excellent opportunity for people to get into the open. City square was both lined and packed with people and automobiles.

Concord seminary's night school opened Tuesday evening with a larger registration of pupils than ever before. There are many down-town students who have interested themselves in the commercial and domestic science courses and the way is still open for additional enrollments if desired. A number of students will attend their first session to-night.

William McCaffrey, who has been spending several days in White River Junction and Dorchester, Mass., returned to Barre last evening and resumed his duties in the Drown pharmacy this morning. The condition of Mr. McCaffrey's index finger on the right hand, which was severely jammed in an accident two weeks ago, continues to improve steadily.

While working about the belt of the ice cream freezer in the basement of the Red Cross pharmacy on North Main street, Harold Batchelder of 121 Hill street, who is employed in the store, caught one of his fingers in such a manner as to have the end cut off. Blood gushed forth, but with the assistance of other clerks, the injured member was dressed, and unless overlooked for complications set in, the digit will heal within a few days.

Efforts to locate David Bruce, father of the two-month-old child which died at its mother's home in East Barre yesterday having proved futile, funeral services for the little one were held at the house to-day and interment was made in Wilson cemetery. The Barre Town authorities have interested themselves in the welfare of Mrs. Bruce and the little Bruce and it is possible that additional steps will be taken to locate Bruce, who is under parole from Barre city court on a non-support charge.

Forty members of the Meadow Brook Golf club, with their wives and other invited guests, gathered at the club's links on the Brook street extension last evening for their annual corn roast. The commissary department of the club provided an excellent repast of corn, marshmallows, coffee, sandwiches and soda, and from 7 o'clock until mid-evening the Meadow Brook course was illuminated by a number of little fires, around each of which was gathered a knot of people all engaged in the very serious business of devouring corn and the fixings. Afterward there was a program of solo and chorus singing which terminated in a dance on the green, two violinists furnishing the music for this novel feature. The committee in charge of the affair consisted of Thomas McLeod, Arthur Pirie, William Pirie and Alexander Miller.

Charles Sunderland of Montreal, P. Q., is employed as a clerk in the Drown pharmacy, succeeding Edward Jackson, who has gone into business in St. Albans, Me.

The monthly meeting of the Bonaccord Football club will be held in the Bonaccord pavilion on Friday first, the 17th of September, at 7:30 promptly. The draws will then take place. Just Returned from New York

This was one of our most satisfactory trips for years. We bought heavier; a larger variety. We bought exceptional values for our bargain basement that will be opened in a few days. If we don't catch your business this season it won't be our fault—we will surely have the goods to show. Better make a start by attending our millinery opening Saturday, this week. New goods, enlarged departments, working a little harder to please you.

New Goods

Goods bought this week in New York, with a few exceptions, will be here so that you can see them by Saturday.

There is one thing that is almost impossible to buy, and that is Plaid Silk in the Scotch Plaids. We had a beautiful line early and have a good assortment to show you now.

Early buying helps you as much as it does us. Only this morning we got a notice of a big advance on all grades of Sweaters. Here is where we come in to help you out. Our Sweaters were all bought early. We have enough to last us from four to eight weeks without an advance.

We are the largest distributors of Hoagknit Sweaters in Vermont. This may seem skeptical. It's a fact. There is a reason for this large Sweater business. Get better acquainted with this Sweater.

New Goods

Some two years ago, after years of hard shopping, we found what we believe to be one of the best Neckwear houses in New York City. One thing sure, they are thoroughly reliable. This accounts for our confidence in their Neckwear.

New fall Neckwear is certainly very attractive.

In a few days we will have a good display of Rag Dolls, Indestructible Dolls, and a few Imported German Dolls. These will be shown in our bargain basement.

There are on the way some very good things in Wash Goods that are new in weave and new in pattern designs.

New Cloakings for Ladies' and Children's Coats. These are on the way. Will be here Saturday.

New Outings and better prices on all kinds of Outings than last season.

New Ribbons and new Laces.

New fall styles in Percales and Muslins.

Ladies' White Waists

We have just received a large shipment of White Waists that are of an unusual value. This is a large lot of Waists that we bought at a price to sell for \$1.00 each.

At \$1.00 each are a number of different Waist styles that are made from a fine quality Voile and French Lawn; some are made with fine lace insertion down front and a fine lawn collar, long sleeves; are unusual values at \$1.00.

At \$1.25 we have a new model in a White Jap Silk Waist with embroidered front. This Waist is made long sleeves.

At \$1.25 is a new Jap Silk Waist in assorted striped stripes; will wash like muslin; is made in a very neat style.

At \$1.25 are a number of White Muslin and Voile Waists that are made in a variety of the season's best styles; are extra values at \$1.25.

At 98c each are a few White Waists that are a little mused; were \$2.00 and \$2.50. Now 98c.

At 69c are a few odd Waists that were \$1.25 and \$1.50; to close at 69c.

Our New Fall Dresses

While in New York this week, we were able to get some unusual values in Ladies' Silk Dresses, Lace Dresses and the Combination Silk and Wool Dresses. These are made in the season's best styles and are made by real Dress artists. We would be pleased to show you the line. At \$10.00 each we have some unusual Evening Dress values. These are Dresses that are just new from the designers and are extra good.

At \$12.50 are ten different Dress models that are each different in design. These are models that are entirely new and are made in laces finished with bands of silk, and silk and wool combination, and plaided chiffons, in all the best colors and shades. This is one of the best Dress values we ever have been able to offer.

In the better grade Dresses we can show you a large variety of models in the new Silk and Wool Combinations at from \$10.00 up to \$20.00.

We have a few odd Dresses in All Wool and in Silk that we are making very low prices on to close. See this line of Dresses.

Our Fall Millinery Opening Saturday, September 18th

This is a department that has had an immense growth in the last two seasons, and because of this growth we have had to add double the space to the department, and in order to give Miss Whitney more time to look after the trade we have with us this season Miss Atwood of Amesbury, Mass., who comes very highly recommended from such houses as "The Model Milliner" of Brockton, Mass., The Paris Co. of Fitchburg, Mass., G. M. Wethern of Temple Place, Boston, and others. We have a large showing of the season's best models now ready for your inspection. Come out to this opening and let us show you one of the largest displays of ready-made hats that we have ever shown and at popular prices.

Returning from a trip to Bethel last night, Charles Villa, a West street man, saw the way open for landing his aid to a party of stranded motorists and had the satisfaction of knowing afterward that his assistance helped the passengers in a five-passenger touring car out of a very trying predicament. Apparently the car had gone over a bank near the river on the outskirts of the village and as Mr. Villa brought his horse to a short halt, one man was in the stream waist-deep, while two women were pulling themselves together after having been thrown from the car. It developed that one of them had been injured, although the car was a good deal the worse for having departed from the better path. Mr. Villa did not learn the names of the passengers.
